About this event

New York artist Katherine Dolgy Ludwig constructs a new professional model starting her own company KDL INTL LLC to assist collectors worldwide. Continually traveling to create her unique paintings, with a lifetime of work as an accomplished artist in multiple work studios, two

unique online stores LUDWIG PICTURES and LUDWIG EXPRESS readily make everything immediately available. New paintings and a new fashion line annually are exciting to see, published online in upcoming photos and videos of the process — in 2023 in favorite cities New York, Toronto, Paris, London, and DC — and in the web stores: www.ludwigpictures.com and www.ludwigexpress.com

“I love making joy in art for as many people in as many places as possible. I enjoy painting every day, bringing forward the power of bright color and lively shapes to light up people’s lives. During the past number of years since my MFA in London, the work has developed through intellect and grace making the Vegas series for Playboy, the Pentagon series, the retrospective at the American University of Paris, the New York Ornette series, always good press and good experiences. Upcoming this Fall I will have the great honor of exhibiting at the London Chelsea Arts Club. Shining beautiful light!”
